

PROGRAMME AT A GLANCE

Wednesday 16 November

**Opening Session
incl. awards**
09:30-10:30

Clinical Symposium
Shared decision making in locoregional treatment of breast cancer care
10:45-12:15

Clinical Symposium
Changing sequence of treatments for tailored benefit
10:45-12:15

Clinical Symposium
Innovation in breast cancer screening: finding those at highest risk
10:45-12:15

Lunch - Poster Defence
12:15-14:15

Satellite Symposium
12:45-13:45

Satellite Symposium
12:45-13:45

Satellite Symposium
12:45-13:45

Plenary Session
Keynote Lecture
14:30-15:30

Clinical Symposium
Breast conservation in high risk patients
15:30-17:00

Europa Donna Session
What is survivorship all about and when do you actually stop being a patient?
15:45-16:45

Best Practice Session
Can we better tailor adjuvant choices in ER+ eBC?
15:45-16:45

Young Investigator Workshop
Can we better tailor adjuvant choices in ER+ eBC?
15:45-16:45

Coffee Break
16:45-17:15

Debate
This house believes that routine surveillance imaging and tumour marker testing in early breast cancer is a waste of time or money
17:15-18:15

MTRW*
Molecular Tumour Board combined precision medicine (interactive case discussion)
17:15-18:15

Joint Teaching Lecture
How to run a multidisciplinary meeting (MDM)
17:15-17:55

Society Session
ESTRO
17:15-18:15

Satellite Symposium
18:45-20:15

Satellite Symposium
18:45-20:15

Satellite Symposium
18:45-20:15

Poster viewing

PROGRAMME AT A GLANCE

Thursday 17 November

Society Session
 ESSO
 07:45-08:45

Society Session
 EUSOBI
 07:45-08:45

**Young Investigator
 Workshop**
 Let's get social!
 07:45-08:45

Society Session
 ESP
 07:45-08:45

**Best Practice
 Session**
 How to manage
 young women who
 would like to beco-
 me pregnant
 09:00-10:00

**Best Practice
 Session**
 What can I do to
 prevent my risk of
 breast cancer
 09:00-10:00

**Joint Teaching
 Lecture**
 BRCA testing: who,
 what and when does
 it make sense
 09:00-09:40

Coffee Break
 10:00-10:30

Clinical Symposium
 Artificial Intelligence:
 how do we move
 forward
 10:30-12:00

Clinical Symposium
 HER2 low metastatic
 breast cancer
 10:30-12:00

Clinical Symposium
 How can technology
 help to move the
 survivorship field?
 10:30-12:00

Lunch
 12:00-14:15

Satellite Symposium
 12:45-13:45

Satellite Symposium
 12:45-13:45

Satellite Symposium
 12:45-13:45

Update Session
 Medical Oncology
 14:30-15:30

Debate
 This house belie-
 ves that Breast MRI
 should be used to
 de-escalate radiation
 therapy treatment
 14:30-15:30

**Europa Donna
 Session**
 Impact of COVID-19
 on Breast Cancer
 Patients
 14:30-15:30

Coffee Break
 16:45-17:15

**Poster Discussion
 Session**
 16:00-17:00

**Poster Discussion
 Session**
 16:00-17:00

**Poster Discussion
 Session**
 16:00-17:00

Satellite Symposium
 17:30-19:00

Satellite Symposium
 17:30-19:00

Satellite Symposium
 17:30-19:00

Poster viewing

Friday 18 November

Society Session

EACR
07:45-08:45

Society Session

EUSOMA
07:45-08:45

Young Investigator Workshop

How to write a protocol
07:45-08:45

Europa Donna Session

Europe's Beating Cancer Plan
09:00-10:00

MTRW*

Case Study
09:00-10:00

Challenging Clinical Cases

09:00-10:00

Coffee break

10:00-10:30

Poster viewing

Clinical Symposium

Practical management of endocrine therapy-related toxicities
10:30-12:00

Clinical Symposium

Redefining TNBC subtype: towards (de)escalating therapeutic strategies
10:30-12:00

Clinical Symposium

Questions for Innovations in Radiotherapy
10:30-12:00

Lunch - Poster Defence

12:15-14:15

Satellite Symposium

12:45-13:45

Satellite Symposium

12:45-13:45

Manifesto Session

14:30-15:30

Closing Plenary Session

Keynote lecture
15.30 - 16.30

* Multidisciplinary Team in the Real World
